

Shoparize Partner Prestashop Module

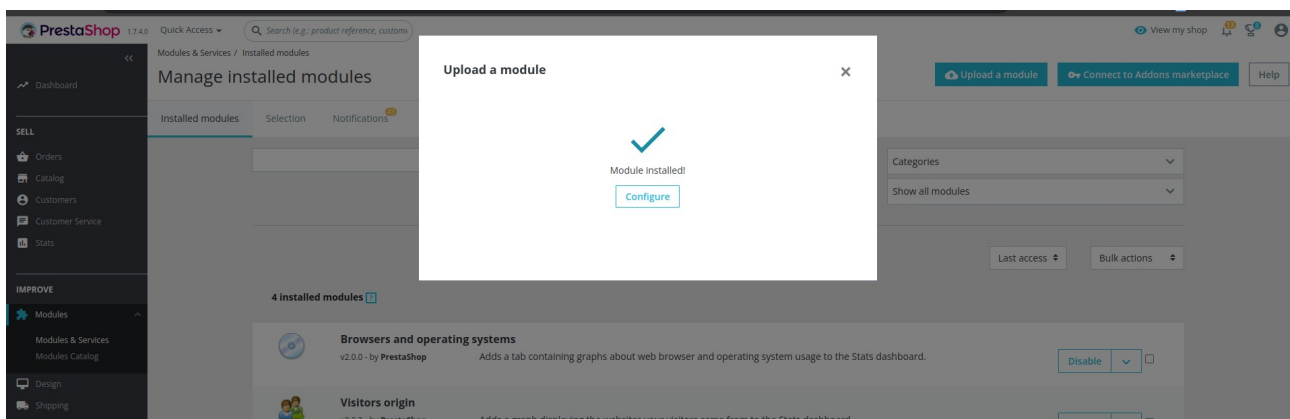

- Installing Shoparize Partner Module
- Configuring Shoparize Partner Module
- Using Shoparize Partner Module
- Uninstalling Shoparize Partner Module

Installing Shoparize Partner Module

For installing Shoparize Partner Module you need go to Admin → Improve → Modules → Modules & Services and click on Upload a Module button(in top right corner):

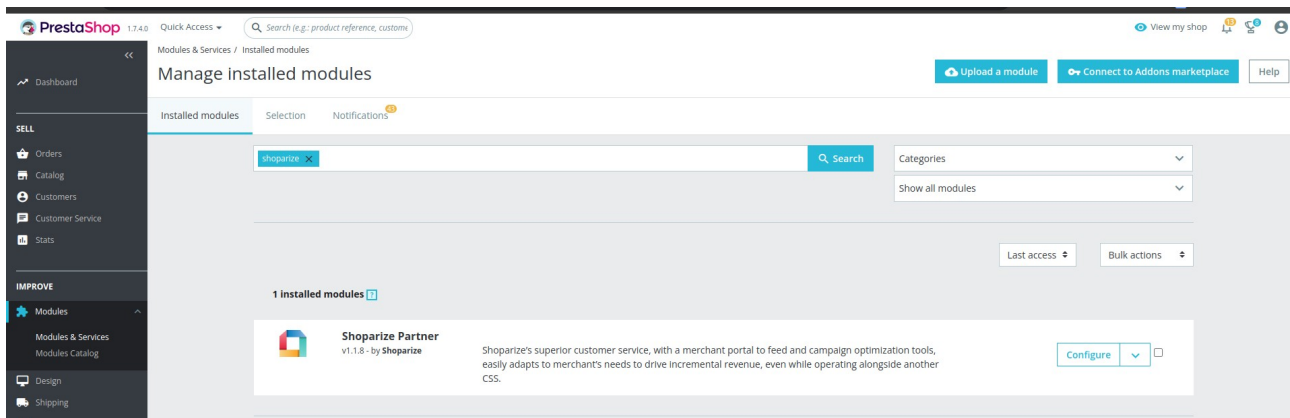

after that you will see Upload a module pop up. Just select local stored zip file of Shoparize Partner module in the pop up and in few seconds you will see the message:

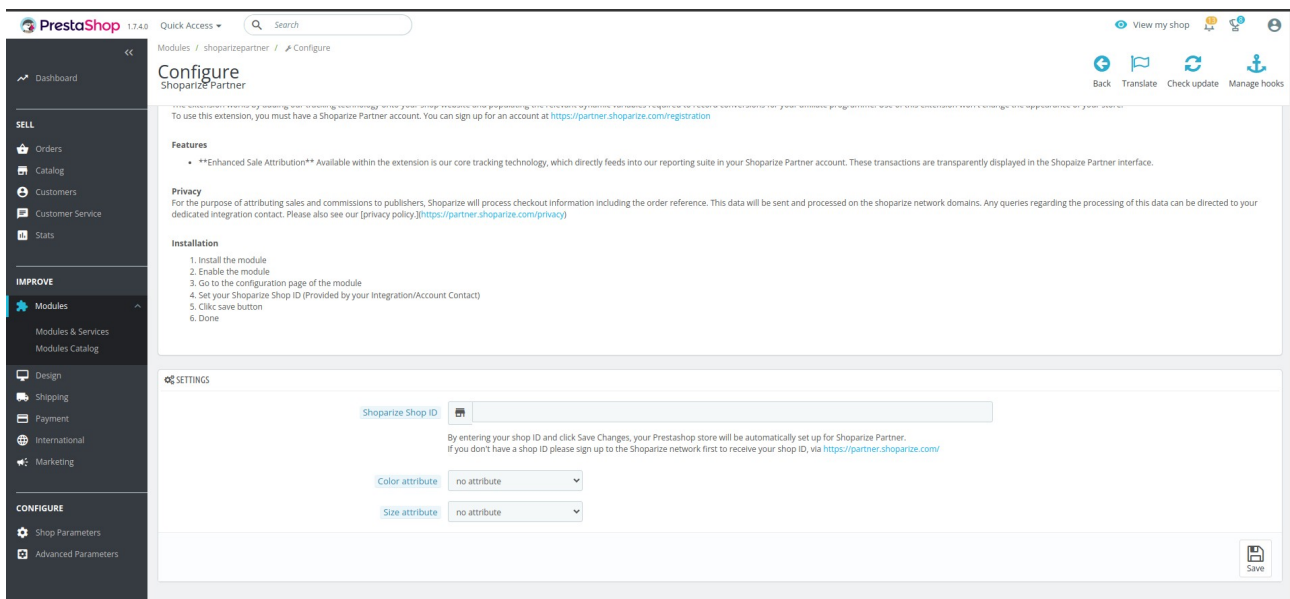

It means that Shoparize Partner module was be installed successfully.

Configuring Shoparize Partner Module

Configuring Shoparize Partner Module is simple. Need to go to Admin → Improve → Modules find in search field module by name:

Click on Configure button and fill 3 fields:

- Shoparize Shop ID* – means that need to set up ID which you got in shoparize partner account at the page - <https://partner.shoparize.com>
- Color attribute – attribute group which you use in PrestaShop as color for your products. Created at the page Admin → Sell → Catalog → Attributes & Features → Attributes
- Size attribute – attribute group which you use in PrestaShop as size for your products. Created at the page Admin → Sell → Catalog → Attributes & Features → Attributes

For example:

The screenshot shows the PrestaShop 1.7.4.0 interface. The top navigation bar includes the PrestaShop logo, version 1.7.4.0, a 'Quick Access' dropdown, a search bar, and links for 'View my shop', 'Back', 'Translate', 'Check update', and 'Manage hooks'. The left sidebar contains a menu with categories: 'Dashboard', 'SELL' (Orders, Catalog, Products, Categories, Monitoring, Attributes & Features, Brands & Suppliers, Files, Discounts, Stocks), 'Customers' (Customers, Customer Service, Stats), 'IMPROVE' (Modules, Design, Shipping, Payment, International, Marketing), and 'COMMUNITY'. The main content area is titled 'Configure Shoparize Partner' and shows the breadcrumb 'Modules / shoparizepartner / Configure'. It includes a warning about the need for a Shoparize Partner account, a 'Features' section with 'Enhanced Sale Attribution', a 'Privacy' section, and an 'Installation' list. Below this is a 'SETTINGS' section with a 'Shoparize Shop ID' field, a 'Color attribute' dropdown set to 'Color', and a 'Size attribute' dropdown set to 'Size'. A 'Save' button is at the bottom right.
